

?

- neighborhood satisfaction in Oslo
- higher in compact areas
- again, not SWB, but neighb sat, and makes sense:
- outside of Oslo, there's nothing there!
- 
- and remember this is Norway!
- it has 5m people; Oslo is 600k
- it is much richer than US
- way more welfare oriented, equal, trusting, homegenous
- and very natural, like Alaska!
