

Happy Hours: Rubia Okulicz-Kozaryn Golden

Saturday 23rd May, 2020 09:58

variable name	storage type	display format	value label	variable label
swb	byte	%15.0g	swb_lbl	* SWB
hrs1	byte	%8.0g	HRS1	* number of hours worked last week
hrs2	byte	%8.0g	HRS2	number of hours usually work a week
hr	byte	%9.0g		* paid by the hour
mustwork	byte	%8.0g	LABJJ	* mandatory to work extra hours
moredays	byte	%8.0g	LABKK	* days per month r work extra hours
sethrs	byte	%37.0g	_sethrs	* decide working hours
sethours	byte	%8.0g	SETHOURS	* who set working hours
hrsmoney	byte	%8.0g	HRSMONEY	* hours v money
hrsrelax	byte	%8.0g	LABKK	hours per day r have to relax
chn_sch	byte	%9.0g	revchngtme	
				* can change schedule
paidhow	byte	%8.0g	PAIDHOW	how are you paid
famwkoff	byte	%15.0g	revfamwkoff	
				not hard to take time off
usualhrs	byte	%8.0g	USUALHRS	how many hrs/week do you usually work
mosthrs	int	%8.0g	MOSTHRS	most hrs/week worked in past month
leasthrs	int	%8.0g	LEASTHRS	fewest hrs/week worked in past month
mostUsual	float	%9.0g		* most hrs per week past month/usual hours
leastUsual	float	%9.0g		* fewest hrs per week past month/usual hours
advsched	byte	%8.0g	ADVSCHEd	* how far in advance do you schedule work
wrkshift	byte	%23.0g	_w	RECODE of wrkshift (what is your working schedule)
timeoff	byte	%8.0g	TIMEOFF	* difficult to take hour or two off
union	byte	%8.0g	UNION	does r or spouse belong to union
age	byte	%8.0g	AGE	* age
age2	float	%9.0g		age squared
mar	float	%9.0g		* married
realinc	double	%12.0g	LABIH	* family income in \1986, millions
educ	byte	%8.0g	LABK	* highest year of school completed
male	byte	%8.0g	SEX	* male
hompop	byte	%8.0g	HOMPOP	* number of persons in household
white	byte	%9.0g		* white
wrkstat	byte	%8.0g	LABA	* work status
waypaid	byte	%8.0g	WAYPAID	how paid in main job
secondwk	byte	%8.0g	LABJJ	r has job other than main
wrksched	byte	%8.0g	WRKSCHED	usual work schedule
wrkshift	byte	%23.0g	_w	RECODE of wrkshift (what is your working schedule)
health	byte	%11.0g	aok100	* health
mntlhlth	byte	%8.0g	LABKK	days of poor mental health past 30 days
stress	byte	%23.0g	revstress	
				how often does r find work stressful
usedup	byte	%10.0g	revusedup	
				how often during past month r felt used up
overwork	byte	%17.0g	revoverwork	
				r has too much work to do well

2 may21

ok so hopefully tab 17 is getting closer to final :)

note dummies are the best for hours, most comprehensive, tell more than just quadratics; then added type of schedule, this one is available for most obs, others have a lot of missing; we have continuous family income; why dummies?? i dont get it, doesnt make sense—are we interested in nonlinear effects of income on happiness? i dont get it at all why dummy out income?

i'm not sure there are industries, which variable?, but we have isco1 classification of occupations thats available for most obs :) do

we really need both? any paper using both??

lets first nail down the model and then can rund with alternative DVs

we have one nice clean result–unemployment, underemployment/part time =less hapiness

4 may17-2

may actually help to start with basics, working hrs in tab 19—the more hrs the happier, but dummies reveal more nuance

so looks like slight under employment and overemployment hurts most; that could be a quick paper in itself; say for johs, not sure if anyone already did it; people tend to look just at unemployed; so can just do hrs dummies and some basic interactions, for many waves, havoing 30k obs

Table 19: .

then in 20 adding scheduling stuff; moredays and mustwork boost happiness; and moredays has positive interaction in model 3
thats robust in model 4 and 5; interesting work status cat in model 6, very stat sig; and continue to be after controlling for stuff

interesting interaction, those who work a lot but are rich, are happier :)

ONLINE APPENDIX

[note: this section will NOT be a part of the final version of the manuscript, but will be available online instead] !!! have most of the stuff outputted to online appendix:)-start with that and then select stuff to paper-have brief narrative describing patterns in online app too !!!

Variables' definitions, coding, and distributions

Table 31: Variable definitions.

name	description
SWB	GENERAL HAPPINESS "Taken all together, how would you say things are these days—would you say that you are very happy, pretty happy, or not too happy?"
flextime:	
who set working hours	WHO SET WORKING HOURS " Which of the following statements best describes how your working hours are decided? (By working hours we mean here the times you start and Finish work, and not the total hours you work per week or month.)"
can change schedule	HOW OFTEN R ALLOWED CHANGE SCHEDULE " How often are you allowed to change your starting and quitting times on a daily basis?"
controls:	
family income in \$1986, millions	Income variables (INCOME72 , INCOME , INCOME77 , INCOME82 , INCOME86 , INCOME91 , INCOME98 , INCOME06) are recoded in six-digit numbers and converted to 1986 dollars. The collapsed numbers above are for convenience of display only. Since this variable is based on categorical data, income is not continuous, but based on categorical mid-points and imputations. For details see GSS Methodological Report No. 64.
age	age of respondent
married	MARITAL STATUS "Are you currently—married, widowed, divorced, separated, or have you never been married?" NOTE: variable recoded to 1 if married, 0 otherwise
highest year of school completed	HIGHEST YEAR OF SCHOOL COMPLETED A. "What is the highest grade in elementary school or high school that (you/your father/ your mother/your [husband/wife]) finished and got credit for? " CODE EXACT GRADE.; B. IF FINISHED 9th-12th GRADE OR DK*: "Did (you/he/she) ever get a high school diploma or a GED certificate?" [SEE D BELOW.]; C. "Did (you/he/she) complete one or more years of college for credit—not including schooling such as business college, technical or vocational school?" IF YES: "How many years did (you/he/she) complete?"
male	male
number of persons in household	NUMBER OF PERSONS IN HOUSEHOLD "Household Size and Composition"
white	RACE "What race do you consider yourself?"
number of hours worked last week	IF WORKING, FULL OR PART TIME: "How many hours did you work last week, at all jobs?"
health	CONDITION OF HEALTH "Would you say your own health, in general, is excellent, good, fair, or poor?"
