ps5: final draft of the final project (same directions as in ps4!: so just improve/expand)

general directions (always the same):

- submit ps into Sakai's dropbox by the beginning of the class on the day it is due (ps are due in one week from the date being posted unless stated otherwise
- preferably submit as pdf or txt (word sometimes mutates contents)
- note, if something unclear, you may ask questions in your ps, and i will answer in class
- if you would like to include anything that you have submitted for any other class you may do it, but you *must* indicate clearly in the paper that it was submitted earlier–best say it on the first page as a disclaimer...
- if class is small, be prepared to briefly present the ps, no need for slides, can just use submission pdf, but be ready to explain and answer questions
